Directors Message

Walt Disney has been one of the greatest influences in my life. When I joined Protea my first show was an adaptation of "The Jungle Book" and since then my passion has grown. People may be shocked that this 24 year old is addicted to all Disney movies and can possibly boast one of the largest collection of Disney movies. This show has definitely been an unforgettable experience for me and I have the cast and production team to thank for their constant support and help with the youngsters, as well as my technical team who have made an exquisite set and gorgeous costumes. Thanks also to all the moms and dads who have fetched and carried the kids in addition to helping backstage and with the teas etc. Without all of you this show would not be what it is.
